

SOLUTION PROVIDER FOR YOUR SYSTEM!

Experience innovative system solutions in drive technology

Dear business partner,

at the Agritechnica 2019 we present ourselves as the specialist for system solutions in drive technology.

Under our international slogan "SOLUTION PROVIDER FOR YOUR SYSTEM", we will display innovative systems including drive pumps and engines, display instruments, software and valve technology, plus our own developments combining our expertise in drive, work and control technology.

November 10-16, 2019, Hannover
Hall: 16 | Stand: C 14

**AGRI
TECHNICA**[®]
THE WORLD'S NO. 1

At two technology islands, you can experience at first hand electric motor technology, displays with state-of-the-art communication interfaces and transmission technologies, all optimally tailored to customer requirements.

Talk to us about what you need, however challenging. We'll be happy to discuss as well fields such as driver assistance systems, energy management, smart farming and predictive maintenance.

Our experts are looking forward to a constructive dialogue with you.

Welcome!
